EXAMINER'S AMENDMENT

1. The Amendment filed July 17, 2006 in response to the Office Action of March 16, 2006 is acknowledged and has been entered. Previously pending claims 37, 39, 40, 49, 50, and 56 were amended. Claims 38, 41, 42, 44-48, and 51-55 are canceled. Claims 37, 39, 40 43, 49, 50, and 56 are currently under prosecution.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Hayman on 9/28/2006.

3. The application has been amended as follows:

In the claims:

Claim 49 was amended as follows:

A method for screening for a compound that enhances recognition of the peptide of claim 37 by an HLA-A2 restricted cytotoxic T lymphocyte, wherein said method comprises:

(a) contacting said cytotoxic T lymphocyte with said peptide in the presence and absence of ~~with~~ a test compound, and

(b) measuring IFN- γ production from said cytotoxic T lymphocyte in the presence and absence of said test compound,

wherein said recognition is enhanced by said test compound if IFN- γ production is higher in the presence of said test compound as compared to in the absence of said test compound.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance: Applicants amended claims 49 and 50 to recite a measurement step of INF- γ in the presence and absence of a test compound and a correlation step relating the results of the assay back to the preamble of the method, hence the amendments overcome the 112 2nd paragraph rejection of claims 49 and 50 in section #7 of the Office Action mailed March 16, 2006. Claim 38 was canceled, rendering the 112 1st paragraph rejection in Section #8 moot. Applicants canceled claims 41 and 42, amended claim 40 to recite a "composition" and eliminated "pharmaceutical", and amended claim 43 to recite a method "*in vitro*" to overcome the 112 1st paragraph rejection of claims 40-43 in Section #9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
